

## **POLYGON BECOMES SIGNATORY TO THE HEDGE FUND STANDARDS BOARD**

London, June 10 2013, Polygon Global Partners LLP announced today it has become a signatory to the Hedge Fund Standards Board ('HFSB'), a standard setting body for the hedge fund industry.

The Hedge Fund Standards Board is a standard setting body for the hedge fund industry. It is custodian of the Hedge Fund Standards which provide a mechanism for creating a framework of transparency, integrity and good governance that maintain a high reputation for the industry, facilitate investor due diligence and complement public policy.

The HFSB brings together managers, investors, regulators and consultants from around the world to help determine how the hedge fund industry should operate. Over 100 Hedge Fund Managers so far have committed to the Standards accounting for over USD 500bn in AUM. Around 60 major international investors, including pension and endowment funds, sovereign wealth funds and funds of funds, have embraced the HFSB as members of the Investor Chapter to drive adoption of the Standards.

### **About Polygon**

Polygon is a broadly-based asset management business established in 2002 with the objective to provide attractive investment opportunities with superior risk-adjusted returns in partnership with its investors. Polygon's products are managed by experienced and respected investment teams and are designed with terms and transparency suited to their respective opportunities. The firm owns majority and minority stakes in asset managers that sit on a common state-of-the-art platform, and has offices in London, New York, and Tokyo.
