

**Tetragon Financial Group Master Fund Limited Announces
Final Results of its Tender Offer to Purchase
Tetragon Financial Group Limited (“TFG”) Non-Voting Shares**

December 15, 2015

TFG today announced the final results of the “modified Dutch auction” tender offer (the “Offer”) by its subsidiary, the Tetragon Financial Group Master Fund Limited (the “Master Fund”) to purchase a portion of the outstanding non-voting shares of TFG for a maximum aggregate payment of \$60,000,000 in cash. The Offer expired at 1:00 p.m. (London time) on Friday, December 11, 2015.

Deutsche Bank acted as dealer manager for the Offer and Computershare acted as tender agent for the Offer. As dealer manager, Deutsche Bank determined the final purchase price at which the Master Fund will purchase shares in the Offer and the final proration factor.

In accordance with the terms of the Offer, the Master Fund has accepted for purchase 5,999,999 TFG non-voting shares at a purchase price of \$10.00 per share. The aggregate cost of this purchase is \$59,999,990, excluding fees and expenses relating to the Offer. A total of 19,472,989 TFG non-voting shares were properly tendered and not withdrawn at the purchase price of \$10.00 per share. Because more than \$60,000,000 in value of TFG non-voting shares was properly tendered and not properly withdrawn, the Offer was subject to proration pursuant to the terms of the Offer, with appropriate adjustments to avoid purchases of fractional shares. The final proration factor for the Offer is 30.8%, rounded to the first decimal place.¹

The Master Fund will promptly make payment for the shares validly tendered and accepted for purchase, which is expected to occur on or about December 18, 2015. All shares tendered and not purchased in the Offer will be promptly returned to the tendering shareholders.
